Division of Workers' Compensation to host electronic filing expo at Los Angeles district office July 29

Law firms, claims administrators and lien claimants looking for a faster way to file encouraged to attend

The Division of Workers' Compensation, in conjunction with its vendor partners and the Los Angeles district office, will host an electronic filing expo on July 29. Electronic filing is the fastest way to get documents into EAMS, DWC's electronic case management system for the workers' compensation courts. There are now two ways to file electronically: [e-forms](#) and [JET File](#), so it's easier and more convenient than ever to join the e-team!

JET File is for large-volume filers, while e-forms are better for small to medium filers. The July 29 expo will provide information about, and demonstrations of, both filing methods.

Filers looking for faster, easier and more cost-effective alternatives to paper forms are encouraged to attend this electronic filing expo:

Friday, July 29

10 a.m. – 2 p.m.

320 W. 4th St.

Junipero Serra state office building, Carmel room (ground floor)

Los Angeles CA

Filers can drop in any time between 10 a.m. and 2 p.m.

The expo will include:

- A walkthrough of each electronic filing method and its benefits for filers
- Access to tech and business experts, who will be available for consultation and questions about each filing method
- Approved software and third party filing service providers, who can demonstrate and answer questions about products that help filers take advantage of the speed and efficiency of electronic filing
- Ability to sign up for electronic filing on the spot
- Refreshments
- Prizes.

Find more information on electronic filing on the [e-team Web site](#). For more information about this event, email EAMS@dir.ca.gov.
